## **Strategic Report for the Year Ended 31 March 2025**

The directors present their report for the year ended 31 March 2025.

### **Review of the business**

Horwood is a well-established housewares business with a rich history of providing high-quality kitchenware, cookware, and other household products to its customers through its Stellar, Judge and Smidge brands.

In recent years, the retail landscape across the UK has shifted significantly. The continued economic challenges, decline in high street business and technological changes have stymied growth, and the additional cost burden which occurs as a result of these factors has limited both profitability and the ability to invest in the future for many businesses. These challenges have been further compounded by the rapidly changing purchasing behaviours of consumers, whose demand for instant solutions across myriad sales channels, many of which are new and evolving, has left many retailers and suppliers on the back foot.

However, Horwood has responded to these challenges well, and with a focus on cost reduction and margin protection, the business has been able to improve profitability, whilst maintaining a similar level of turnover to the previous year. As a result turnover for the reported year is £14,194,535 compared to £14,392,030 in the previous year.

The reported year was the first of a long term strategic plan which Horwood has created, designed to drive the business forward both in the UK and overseas over the next 5 years. Investments in resource, technology and partnerships this year will enable Horwood to continue in this plan to achieve greater long term growth and stability.

### **Principal risks and uncertainties**

The increasing level of costs, and corresponding drop in consumer confidence, are seen as the key risks to the business. Whilst we don't expect an immediate drop in costs, we expect there to be significant reductions in wholesale prices as the year progresses, and for inflation to reduce by half by the end of the year. Both factors will help encourage consumer spend and reduce our cost base.

The Board remains confident that the company is well placed to overcome the current challenges and will return to a profitable position in the coming year.

### **Financial key performance indicators**

The company's primary internal measurement is performance against annual budgets and comparison to prior year. The key financial indicators are Return on Equity, Gross Margin and Annualised Sales Movement. Each of these saw the impacts of significant macro-economic challenges during the year (as described in the Review of Business above), however the directors are satisfied, in light of those challenges, with how the business adapted and performed and ended the year.

	2025	2024
Return on equity	(2.1)%	(3.2)%
Gross Margin	40.4%	38.8%
Annualised sales movement	(1.4)%	(6.0)%

# **Horwood Homewares Limited**

## **Strategic Report for the Year Ended 31 March 2025**

### **Key Strategic Objectives**

#### **1. Product Innovation:**

Horwood will continue invest in research and development to create innovative products that meet the evolving needs and preferences of its consumers and retail customers. This includes exploring improved substrates, sustainable materials, creative designs, and smart technologies to enhance the functionality and appeal of its product ranges.

To support this objective Horwood has created a new Product Team, charged with creating a developing compelling Housewares products which appeal to the relevant consumer. A focus will be on 'beyond' the kitchen' when it comes to new product development.

#### **2. Digital Development:**

The company will continue to prioritize internal digital transformation initiatives to streamline operations, improve customer experience, and drive better distribution dynamics. This includes further investments in e-commerce platforms, digital marketing strategies, and data analytics capabilities to better understand consumer behaviour and preferences.

#### **3. Overseas Development.**

Through a combination of distributors, marketplace and own brand websites, Horwood will grow the International side of the business to represent 15% of total sales within the coming 2 years. This will be supported by additional resource in marketplace, digital and International sales management.

#### **4. Customer Engagement:**

Horwood will focus on building further on its strong relationships with its customers through personalized communication, promotions, and social media engagement. This is further supported by continued support through the Field Sales team and internal support function. By listening to customer feedback and adapting to their needs, the company aims to enhance brand loyalty, repeat purchase and increased distribution.

#### **5. COGS Reduction:**

The company will optimize its supply chain processes to reduce lead times, minimize costs, and improve inventory management. Investment in warehouse management system and stock management systems will aid this objective. Additionally, Horwood will continue to partner with reliable long-term suppliers, implementing advanced forecasting techniques, and leveraging technology to enhance visibility and transparency across the supply chain.

#### **6. Sustainability Initiatives:**

Horwood is committed to sustainability and will integrate environmentally friendly practices into its operations in addition to its legal requirements. This will be evidenced in carbon reducing activities through its transport, lighting and chosen distribution partners. Furthermore the company are focussed on sourcing eco-friendly materials, reducing waste, and implementing energy-efficient processes to minimize its environmental footprint

# **Horwood Homewares Limited**

## **Strategic Report for the Year Ended 31 March 2025**

### **Implementation Plan**

1. Invest in and train our dedicated product team to drive product innovation and develop a pipeline of new products and technologies in line with Brand strategy.
2. Continue to evolve the digital infrastructure, including further development of the company's websites, improving e-commerce capabilities, and integrating customer relationship management (CRM) systems.
3. Launch targeted marketing campaigns across retail and digital channels to increase brand awareness and drive total sales.
4. Collaborate with influencers and industry bodies to promote our brands products and engage with a wider audience.
5. Conduct regular training programs for employees to enhance their skills and knowledge in areas such as customer service, digital marketing, and sustainability practices.
6. Monitor key performance indicators (KPIs) regularly to track progress towards strategic objectives and make adjustments as needed.

### **Summary**

Horwood has a strong foundation and a loyal retail customer base, and whilst the current economic climate remains challenging, the initiatives and focus for the business in the coming trading periods will ensure continued sustainable growth. By focusing on product innovation, digital development, Overseas development, customer engagement, COGS reduction, and sustainability initiatives, Horwood will be well placed to capitalise on its position within the Global housewares industry.

### **Other key performance indicators**

The Board does not utilise any non-financial KPIs. We do however have a balanced and targeted approach to monitoring our activities to try to ensure the best possible standards of:

- Safety
- Quality
- Service
- People

Approved by the board on ..23/05/25. and signed on its behalf by:

R J Jones  
Director

# **Horwood Homewares Limited**

## **Directors' Report for the Year Ended 31 March 2025**

The directors present their report and the financial statements for the year ended 31 March 2025.

### **Directors' of the company**

The directors, who held office during the year, were as follows:

G Rao

N Rosati (ceased 31 August 2024)

R J Jones

S Krishnamurthy

R Srinivasan

T P Morley (appointed 1 April 2024)

R Sharp (appointed 1 January 2025)

The following director was appointed after the year end:

M Pickles (appointed 1 April 2025)

### **Financial instruments**

#### ***Objectives and policies***

The company's financial instruments, other than derivatives, comprise cash at bank and various items including trade debtors and trade creditors that arise directly from its operations. The main purpose of these financial instruments is to fund the company's operations.

The company also enters into derivatives transactions. These are forward foreign currency contracts. The purpose of these is to manage the currency risks arising from the company's overseas purchasing operations. It is, and has been throughout the period under review, the company's policy that no trading in financial instruments shall be undertaken.

The directors review the company's exposure to foreign currency risks and when appropriate enter into forward contracts.

### **Future developments**

As described in the Strategic Report, the directors are satisfied, in the context of the significant macro-economic conditions faced, with the trading results of the company for the period and they are confident of the future prospects of the company and return to profitability in the next financial year.

# **Horwood Homewares Limited**

## **Directors' Report for the Year Ended 31 March 2025**

### **Going concern**

The directors are satisfied that the going concern basis of preparation remains appropriate. The company's business activities together with the factors likely to affect its future development and position, are set out in the Strategic Report. Despite the challenges over the last twelve months in relation to geopolitical instabilities in key regions, consumer cost of living challenges, and supply chain issues the directors, whilst acknowledging the loss for the year to 31 March 2025, are satisfied with the performance of the business and the financial position as at year end. Based on cash flow forecasts prepared for the period to 31 May 2026, and having made all necessary enquiries, the directors have a reasonable expectation that the company has adequate resources to enable it to continue in operational existence for the foreseeable future.

### **Directors' liabilities**

As permitted by the Articles of Association, the Directors have the benefit of an indemnity which is a qualifying third party indemnity provision as defined by Section 236 of the Companies Act 2006. The indemnity was in force throughout the last financial year and it currently in force. The company also purchased and maintained throughout the financial year Directors' and Officers' liability insurance in respect of itself and its Directors.

### **Disclosure of information to the auditors**

Each director has taken steps that they ought to have taken as a director in order to make themselves aware of any relevant audit information and to establish that the company's auditor is aware of that information. The directors confirm that there is no relevant information that they know of and of which they know the auditor is unaware.

## **Horwood Homewares Limited**

### **Statement of Directors' Responsibilities**

The directors acknowledge their responsibilities for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including FRS 101 'Reduced Disclosure Framework' ('FRS 101'). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether FRS 101 has been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

# **Horwood Homewares Limited**

## **Independent Auditor's Report to the Members of Horwood Homewares Limited**

### **Opinion**

We have audited the financial statements of Horwood Homewares Limited (the 'company') for the year ended 31 March 2025, which comprise the Statement of Comprehensive Income, Balance Sheet, Statement of Changes in Equity, and Notes to the Financial Statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including FRS 101 'Reduced Disclosure Framework'.

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2025 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

### **Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the auditor responsibilities for the audit of the financial statements section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Conclusions relating to going concern**

In auditing the financial statements, we have concluded that the directors use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the original financial statements were authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

### **Other information**

The directors are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

# **Horwood Homewares Limited**

## **Independent Auditor's Report to the Members of Horwood Homewares Limited**

### **Opinion on other matter prescribed by the Companies Act 2006**

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Strategic Report and Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Strategic Report and Directors' Report have been prepared in accordance with applicable legal requirements.

### **Matters on which we are required to report by exception**

In the light of our knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the Strategic Report and the Directors' Report.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

### **Responsibilities of directors**

As explained more fully in the information set out on page 7, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

### **Auditor Responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

## **Horwood Homewares Limited**

### **Independent Auditor's Report to the Members of Horwood Homewares Limited**

As part of our audit planning, we assessed the risk of any non-compliance with laws and regulations on the entity's ability to continue trading and the risk of material misstatement to the financial statements. We obtained an understanding of the legal and regulatory framework that is applicable to the entity and the industry/sector in which it operates to identify the key laws and regulations affecting the entity. As part of this assessment process we discussed with management the laws and regulations applicable to the company and considered findings from previous audits.

The key laws and regulations we identified were Heath & Safety at Work, standard employment laws, General Data Protection Regulations (GDPR) and the Offensive Weapons Act. We completed a review of the ICO website and obtained a copy of the company's ICO registration certificate.

We also considered those laws and regulations that have a direct impact on the preparation of the financial statements, primarily Companies Act 2006, Corporation Taxes Acts 2009 & 2020, and the Capital Allowances Act 2001.

We discussed with management how the compliance with these laws and regulations is monitored and discussed policies and procedures in place.

We also identified the individuals who have responsibility for ensuring that the entity complies with laws and regulations and deal with any reporting issues if they arise.

Our procedures involved the following:

As part of our enquiries we discussed with management whether there have been any known instances, allegations or suspicions of fraud, of which management confirmed there had been none during or after the period.

We also evaluated the risk of fraud through management override including that arising from management's incentives. The key risks identified were incentives relating to minimisation of tax liabilities, the misappropriation of assets, and the securing of funding facilities and credit ratings, and we determined that the principal risks of fraud were related to completeness of revenue recognition, management override of controls and bias in accounting estimates.

In response to the identified risk, as part of our work we:

- Used data analytics to test journal entries throughout the year, for appropriateness;
- Reviewed estimates and judgements made in the accounts for any indication of bias and challenged assumptions used by management in making the estimates;
- Undertook specific procedures to ascertain the completeness of revenue.

Because of the inherent limitations of an audit, there is a risk that we will not detect all irregularities, including those leading to a material misstatement in the financial statements. This risk increases the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements as we are less likely to be come aware of instances of non-compliance. The risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment, collusion, omission or misrepresentation.

A further description of our responsibilities is available on the Financial Reporting Council's website at: [www.frc.org.uk/auditorsresponsibilities](http://www.frc.org.uk/auditorsresponsibilities). This description forms part of our auditor's report.

## **Horwood Homewares Limited**

### **Independent Auditor's Report to the Members of Horwood Homewares Limited**

#### **Use of our report**

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

# **Horwood Homewares Limited**

## **Notes to the Financial Statements**

**Year Ended 31 March 2025**

### **1 General information**

The company is a private company limited by share capital, incorporated and domiciled in England and Wales.

The address of its registered office is:

Avonmouth Way

Bristol

United Kingdom

BS11 9HX

### **2 Accounting policies**

#### **Summary of significant accounting policies and key accounting estimates**

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

#### **Basis of preparation**

The financial statements have been prepared under historical cost convention unless otherwise specified within these accounting policies and in accordance with Financial Reporting Standard 101 'Reduced Disclosure framework' and the Companies Act 2006.

#### **Summary of disclosure exemptions**

In these financial statements, the company has taken advantage of the disclosure exemptions available under FRS 101 in relation to share-based payment, business combinations, non-current assets held for sale, financial instruments, fair value measurements, capital management, revenue from contracts with customers, presentation of comparative period reconciliations for share capital, tangible fixed assets, intangible assets and investment property, presentation of a cash-flow statement, the effects of new standards not yet effective, impairment of assets and disclosures in respect of the compensation of key management personnel and of transactions with a management entity that provides key management personnel services to the company.

# **Horwood Homewares Limited**

## **Notes to the Financial Statements**

**Year Ended 31 March 2025**

### **Revenue recognition**

Turnover is recognised to the extent that it is probable that the economic benefits will flow to the Company and the turnover can be reliably measured. Turnover is measured as the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes. The following criteria must also be met before turnover is recognised:

#### *Sale of goods*

Turnover from the sale of goods is recognised on the satisfaction of performance obligations, such as the transfer of a promised good, identified in the contract between the Company and the customer.

A receivable is recognised when the goods are delivered as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

### **Foreign currency transactions and balances**

The Company's functional and presentational currency is GBP.

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions.

At each period end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined.

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at period-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss except when deferred in other comprehensive income as qualifying cash flow hedges.

# **Horwood Homewares Limited**

## **Notes to the Financial Statements**

**Year Ended 31 March 2025**

### **Tax**

The tax expense for the period comprises current tax. Tax is recognised in profit or loss, except that a change attributable to an item of income or expense recognised as other comprehensive income is also recognised directly in other comprehensive income.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the company operates and generates taxable income.

Deferred income tax is recognised on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements and on unused tax losses or tax credits in the company. Deferred income tax is determined using tax rates and laws that have been enacted or substantively enacted by the reporting date.

The carrying amount of deferred tax assets are reviewed at each reporting date and a valuation allowance is set up against deferred tax assets so that the net carrying amount equals the highest amount that is more likely than not to be recovered based on current or future taxable profit.

### **Intangible assets**

Intangible assets are initially recognised at cost which includes incremental costs incurred to bring the assets into full working order. After recognition, under the cost model, intangible assets are measured at cost less any accumulated amortisation and any accumulated impairment losses.

### **Amortisation**

Amortisation is provided on intangible assets so as to write off the cost, less any estimated residual value, over their expected useful economic life as below.

#### **Asset class**

Trademarks and website costs  
Software

#### **Amortisation method and rate**

12.5% - 20% on a straight line basis  
12.5% - 20% on a straight line basis

### **Tangible assets**

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

# **Horwood Homewares Limited**

## **Notes to the Financial Statements**

**Year Ended 31 March 2025**

### **Depreciation**

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using the straight-line method.

#### **Asset class**

Long-term leasehold property

#### **Depreciation method and rate**

2% or 10% per annum on a straight line basis

Fixtures and fittings

10% or 25% per annum on a straight line basis

Other fixed assets

20% or 33% per annum on a straight line basis

### **Stock**

Stocks are stated at the lower of cost and net realisable value. Cost is determined based on the cost of purchase on a weighted average cost basis and also includes other directly attributable costs.

At each balance sheet date, stocks are assessed for impairment. If stock is impaired, the carrying amount is reduced to its selling price less costs to complete and sell. The impairment loss is recognised immediately in profit or loss.

### **Trade debtors**

Trade debtors are amounts due from customers for merchandise sold or services performed in the ordinary course of business. If collection is expected in one year or less (or in the normal operating cycle of the business if longer), they are classified as current assets. If not, they are presented as fixed assets.

Trade debtors are recognised initially at the transaction price. They are subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for the impairment of trade debtors is established when there is objective evidence that the company will not be able to collect all amounts due according to the original terms of the debtors.

### **Cash and cash equivalents**

Cash and cash equivalents comprise cash on hand and call deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value.

### **Trade creditors**

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). If not, they are presented as non-current liabilities.

Trade creditors are recognised initially at the transaction price and subsequently measured at amortised cost using the effective interest method.

# **Horwood Homewares Limited**

## **Notes to the Financial Statements**

**Year Ended 31 March 2025**

### **Borrowings**

All borrowings are initially recorded at the amount of proceeds received, net of transaction costs. Borrowings are subsequently carried at amortised cost, with the difference between the proceeds, net of transaction costs, and the amount due on redemption being recognised as a charge to the statement of comprehensive income over the period of the relevant borrowing.

Interest expense is recognised on the basis of the effective interest method and is included in finance costs.

Borrowings are classified as current liabilities unless the company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

### **Share capital**

Ordinary shares are classified as equity. Equity instruments are measured at the fair value of the cash or other resources received or receivable, net of the direct costs of issuing the equity instruments. If payment is deferred and the time value of money is material, the initial measurement is on a present value basis.

### **Dividends**

Dividend distribution to the company's shareholders is recognised as a liability in the company's financial statements in the period in which the dividends are approved by the company's shareholders.

### **Defined contribution pension obligation**

A defined contribution plan is a pension plan under which fixed contributions are paid into a separate entity and has no legal or constructive obligations to pay further contributions if the fund does not hold sufficient assets to pay all employees the benefits relating to employee service in the current and prior periods.

For defined contribution plans contributions are paid publicly or privately administered pension insurance plans on a mandatory or contractual basis. The contributions are recognised as employee benefit expense when they are due. If contribution payments exceed the contribution due for service, the excess is recognised as an asset.

### **Financial instruments**

#### **Initial recognition**

Financial assets and financial liabilities comprise all assets and liabilities reflected in the balance sheet, although excluding tangible assets, investment properties, intangible assets, deferred tax assets, prepayments, deferred tax liabilities and employee benefits plan.

The company recognises financial assets and financial liabilities in the balance sheet when, and only when, the company becomes party to the contractual provisions of the financial instrument.

Financial assets are initially recognised at fair value. Financial liabilities are initially recognised at fair value, representing the proceeds received net of premiums, discounts and transaction costs that are directly attributable to the financial liability.

Subsequent to initial measurement, financial assets and financial liabilities are measured at either amortised cost or fair value.

# **Horwood Homewares Limited**

## **Notes to the Financial Statements**

**Year Ended 31 March 2025**

### **Classification and measurement**

#### **Financial assets at amortised cost**

Debt instruments are subsequently measured at amortised cost where they are financial assets held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and selling the financial assets, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Amortised cost is calculated using the effective interest method and represents the amount measured at initial recognition less repayments of principal plus the cumulative amortisation using the effective interest method of any difference between the initial amount and the maturity amount, adjusted for any loss allowance.

#### **Financial liabilities at amortised cost**

Financial liabilities which are neither contingent consideration of an acquirer in a business combination, held for trading, nor designated as at fair value through profit or loss are subsequently measured at amortised cost using the effective interest method. This is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability, or where appropriate a shorter period, to the amortised cost of a financial liability.

### **3 Critical accounting judgements and key sources of estimation uncertainty**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and judgements that affect the reported amounts of assets and liabilities as well as the disclosure of contingent assets and liabilities at the balance sheet date and the reported amounts of revenues and expenses during the reporting period.

The Directors consider there to be no critical accounting judgements or key sources of estimation uncertainty in the preparation of these financial statements.
